Dear author:

The evaluation process has finished and now we are in the stage of receiving the final versions to be submitted to the publisher. I described the procedure for final paper submission in the 6th announcement. However, if your paper requires a second review, please, send your second version to consec10secondreview@gmail.com. You will receive your results by February 20. Then, you will be able to send your final reviewed version to consec10.finalpapersubmission@gmail.com and to follow the procedure described in the 6th announcement.

On behalf of the organizing committee we thank you for your participation.
